PROFILE

Product Designer with 2+ year of experience creating intuitive, user-centric solutions for enterprise B2B SaaS and computer vision platforms used across Pan India. Skilled in leading UI/UX projects, developing cohesive design systems, and converting them into AI-friendly developer-ready codebases using Claude Code and OpenAI Codex. Enjoys working in close collaboration with teams across technology, business, and design.

EXPERIENCE

Product Designer | Faclon LabsJul 2025 – Present

- Built the design for I/O Vision, a dynamic computer vision platform that lets users add and manage cameras, apply AI-based detection algorithms, and monitor real-time insights through a streamlined, task-focused interface.
- Designed user interfaces for real-world products used by renowned clients across Pan India.
- Converted the entire production design system into an AI-friendly codebase using Claude Code and OpenAI Codex, standardising components for vibe-coding workflows and eliminating design-to-dev interpretation gaps.
- Built and maintained a cohesive design system with detailed documentation, ensuring visual consistency and faster handoffs across design and development teams.
- Collaborated with cross-functional teams including product managers, developers, and customer service to align design decisions with business goals.

UI/UX Designer | Faclon LabsFeb 2025 – Jun 2025

- Designed new features and iterated on existing platform functionality to reduce complexity and bring the product to current design standards while preserving brand identity.
- Introduced minimal UI improvements to reduce developer workload while maintaining visual and functional consistency.

Graphic Designer | Bounce Inc.Jul 2024 – Aug 2024

- Designed marketing assets including banners, social media creatives, and brand visuals for digital campaigns.
- Established a client-focused workflow ensuring timely project completion and clear communication throughout.

SKILLS & TOOLS

UX	User Research · Affinity Diagramming · Wireframing · Prototyping · Usability Testing
Systems	Design Tokens · Atomic Design · Component Libraries · Documentation · Dev Handoff
Visual	Typography · Layout · Brand Identity · Marketing Design
AI	Claude Code · OpenAI Codex · Figma Make · Vercel V0 · Lovable.ai
Capability	Design system to AI-ready codebase conversion · Prompt-driven UI · Component standardisation
Tools	Figma · FigJam · Adobe Photoshop · Illustrator · Notion
Dev	HTML · CSS · Component Architecture · Design-to-Code Pipelines

EDUCATION

B.Tech in Information Technology K.J. Somaiya Institute of Technology	CGPA 9.03 · 2022–2025
Diploma in Information Technology Shri Bhagubhai Mafatlal Polytechnic	CGPA 8.9 · 2019–2022
Secondary School Certificate Bal Bharti High School	70.2% · 2019
